

Carbon 613 Member Application Form

Congratulations! You're about to join a group of other like-minded businesses who are demonstrating that sustainability is in business' best interest!

Member Business Commitment

As a member of Carbon 613, you are committing to take action on climate change by:

- Setting a baseline and GHG reduction target (within 3 years)
- Taking action to achieve your target
- Tracking and reporting your annual GHG emissions
- Publicly disclosing and celebrating your success

Carbon 613 Commitment to Our Member Businesses

All Carbon 613 Members, as part of their **base membership**, receive:

- Initial welcome and orientation session;
- Your logo on Carbon 613's website and in our Annual Report;
- Read-only access to the Carbon Accounting Tool to track and report your emissions;
- Access to a suite of sustainable business tools and resources;
- Annual member report card;
- Access to networking events including our evening of recognition;
- Eligibility for Carbon 613 member awards and recognition for your achievements.

Need More Support?

Members can also choose from several options in addition to their base membership:

Support Package 1

- Peer-to-peer support sessions;
- Four hours of technical or other support related to your business sustainability goals;
- Choice of one customized, facilitated session in the areas of tenant engagement/green team, sustainable transportation, waste reduction strategies, or energy efficiency.

Support Package 2

- Peer-to-peer support sessions;
- Nine hours of technical or other support related to your business sustainability goals;
- Choice of two customized, facilitated session in the areas of tenant engagement/green team, sustainable transportation, waste reduction strategies, or energy efficiency.

Technical Package

- Full access to the Carbon Accounting Tool and multiple user licenses;
- Two Facilities included (additional facilities can be added for a fee);
- Carbon Accounting Tool training for staff;
- Three hours of phone support specific to the Carbon Accounting Tool.

Carbon 613 Schedule of Member Fees and Services

Our Carbon Accounting Tool

EnviroCentre and the Carbon 613 program have a license agreement with Verisae that allows our members access and use of the Carbon Accounting Tool. By using the software, you are agreeing to not:

- reproduce, display (e.g. no screenshots), download, modify or distribute the Carbon Accounting Tool, or attempt to reverse engineer, decompile, disassemble or access the source code for the Carbon Accounting Tool;
- use the Carbon Accounting Tool to process any data of any party other than the Member;
- permit any party, other than Member Users to independently access the Carbon Accounting Tool;

- access the Carbon Accounting Tool other than through the Member IDs and passwords granted to the Member by Carbon 613; or,
- use Verisae Marks without Verisae's written approval.

Carbon 613 Member Pledge

"As a Member of Carbon 613, I commit to take action on Climate Change in contribution to the City of Ottawa's Air Quality & Climate Change Management Plan community greenhouse gas reduction target of 12% by 2024 and 80% by 2050 below 2012 levels. Together we are demonstrating that sustainability is in business' best interest."
